

Setting Up Application Environment

Create an Account in Send grid

Date	27 October 2022
Team ID	PNT2022TMID32209
Project Name	Skill and Job Recommender Application
Team Members	GOWTHAMI.P, DHANASEKARAN., HARI.V, SANTHOSHKUMAR.M

Step 1:

Go to official Send grid website: <https://sendgrid.com/>, then click start for free.

Step 2:

Then go to Registration Page, you need to give all the details required for creating a Send grid account and finally click create button. The below screenshot will show the registration Process.

The screenshot shows a web browser window with the URL `signup.sendgrid.com/account_details`. The page is titled "Tell Us About Yourself" and includes a sub-header "This information will help us serve you better." Below this, there are several form fields: "First Name", "Last Name", "Company Name", "Company Website", "Country Code" (set to "USA (+1)"), and "Phone Number". There are also radio button options for "What is your role?" (Developer, CEO, Marketer, Other) and "How many emails do you send per month?" (0 to 100,000, 100,000 to 700,000, 700,000 to 1,500,000, 1,500,000 to 10,000,000, 10,000,000 to 50,000,000, 50,000,000 to 100,000,000). The browser's taskbar at the bottom shows the Windows logo, a search bar, and various application icons. The system tray on the right indicates a temperature of 27°C, haze, and the date/time as 10:44 AM on 10/11/2022.

Step 3:

Then it will redirect you to a home page of your send grid account.

The screenshot shows the Twilio SendGrid dashboard. At the top, there's a navigation bar with tabs for "Home - Nandha College of Tech", "SendGrid", and "New Tab". The URL bar shows `app.sendgrid.com/guide`. A prominent orange banner at the top reads "Review. Your account is under review and we'd like to know a little more about you and how you intend to use Twilio SendGrid. [Contact Us](#)". Below this, the main content area is titled "Welcome, Hari!" and includes the text "To get up and running quickly, please follow the steps outlined below." A large blue box contains the heading "Send your first emails with Twilio SendGrid" and a section titled "Create a sender identity". This section explains that a sender identity is needed before sending emails and offers two ways to create one: "Create a Single Sender" (highlighted with a blue button) and "Authenticate a domain instead". To the right, there's an illustration of two people running and a diagram showing an email header with "Your Business" as the sender and "jane.doe@your_business.com" as the email address. The left sidebar contains a list of navigation links: "Dashboard", "Email API", "Marketing", "Design Library", "Stats", "Activity", "Suppressions", and "Settings". The Windows taskbar at the bottom shows the system tray with a temperature of 29°C, cloudy weather, and the date/time as 11:17 on 14-11-2022.

Finally, you have created your account and now you can access the send grid account.
