

Building Chatbot And Integrate To Application

Date	02 November 2022
Team ID	PNT2022TMID32209
Project Name	Skill / Job Recommender Application

BUILDING CHATBOT:

The screenshot shows the IBM Watson Assistant interface. The top navigation bar includes 'IBM Watson Assistant Lite', 'Upgrade', the user name 'Gowthami', and a 'Learning center' link. The main interface is divided into a sidebar and a main content area. The sidebar has a 'Actions' tab selected, with sub-options: 'Created by you', 'Set by assistant', 'Variables', 'Created by you', 'Set by assistant', 'Set by integration', and 'Saved responses'. The main content area displays a table of actions. The table has four columns: 'Name', 'Last edited', 'Examples Count', and 'Status'. There are three rows of actions listed. At the bottom of the table, there is a 'Preview' button. The bottom of the screen shows the Windows taskbar with various application icons and the system clock indicating 01:57 PM on 15-11-2022.

Name	Last edited	Examples Count	Status
Hii	21 days ago	2	✓
hii	15 hours ago	1	✓
Connect to a live agent	24 days ago	53	✓

CHATBOT INTEGRATION:

```
<script>
  window.watsonAssistantChatOptions = {
    integrationID: "cc07fc1f-1e28-4372-b6ce-abacb395c301", // The ID of this integration.
    region: "au-syd", // The region your integration is hosted in.
    serviceInstanceID: "cf109108-801a-4b60-ba21-e16c1d1f3150", // The ID of your service instance.
    onLoad: function(instance) { instance.render(); }
  };
  setTimeout(function(){
    const t=document.createElement('script');
    t.src="https://web-chat.global.assistant.watson.appdomain.cloud/versions/" + (window.watsonAssistantChatOptions.integrationID) + "/mjs/sdk/v1/index.js";
    document.head.appendChild(t);
  });
</script>
```

CHATBOT:

The screenshot displays a web browser window with the address bar showing the file path: `C:/Users/ELCOT/Desktop/lbm/Sprint%20I/home%20page.html`. The browser's address bar includes navigation icons and a search bar. The page content features a pink header with the text "GDHS JOB PORTAL" in large, bold, orange letters. Below the header, there is a large image of a friendly-looking robot character on the left. To the right of the robot, the text "Welcome" is displayed in a serif font, followed by "This portal sure kno" in a bold sans-serif font, and "by GDHS" in a smaller italicized font. Below this, a paragraph of text is partially visible: "One of the most common ways f employment opportunities is th looking for career opportunities". At the bottom of the page, there is a section titled "Join with us" with a green "Continue »" button. A chatbot interface, labeled "Watson Assistant", is overlaid on the right side of the page. The chatbot has a purple header with a home icon and the text "Watson Assistant". The chat history shows a greeting "Hi! I am Job search assistant", a question "Are you looking for an job?", and a response "Yes". The chatbot then asks "Can you please tell me which kind of job are you looking?" and provides two buttons: "core" and "IT". The user has selected "core". The chatbot then asks "Choose your stream" and provides a button with a question mark icon. The chatbot's input field contains the text "Type something...". The bottom of the browser window shows the Windows taskbar with various application icons and the system clock displaying "11:24 PM 14-11-2022".
